INTRODUCTION

Hello, my name is Kenjius im 15 years old im the victim of grooming and harassment in the KDI community owned by labirhin an indonesian furry artist 2d and 3d who's making a indie series

In this document, I will address personal matters such as my experience in the KDI community for over 3 years and also my experience with Finny. I will also address the behavior of moderators like Nonor, and the artist Labirhin and their infamous crimes that require them to address it and other stuff from his community, And no, I'm not going to address rumors or anything like that, and especially not any people or users. I had hope in Mau Makan that I saw hope in the community. The community has always been welcoming, but as time went on, things got worse and worse, and now it's horrible to be there, especially on fan servers; it was all the same and I will try my best to present clear evidence regarding this situation.

In this document I will begin by telling my story, my personal experience, and then move on to the evidence. So no, I am not mixing or avoiding topics; making the document even more complete and clear will make it clearer.

I'll leave this message here, and we'll continue with the other topics.

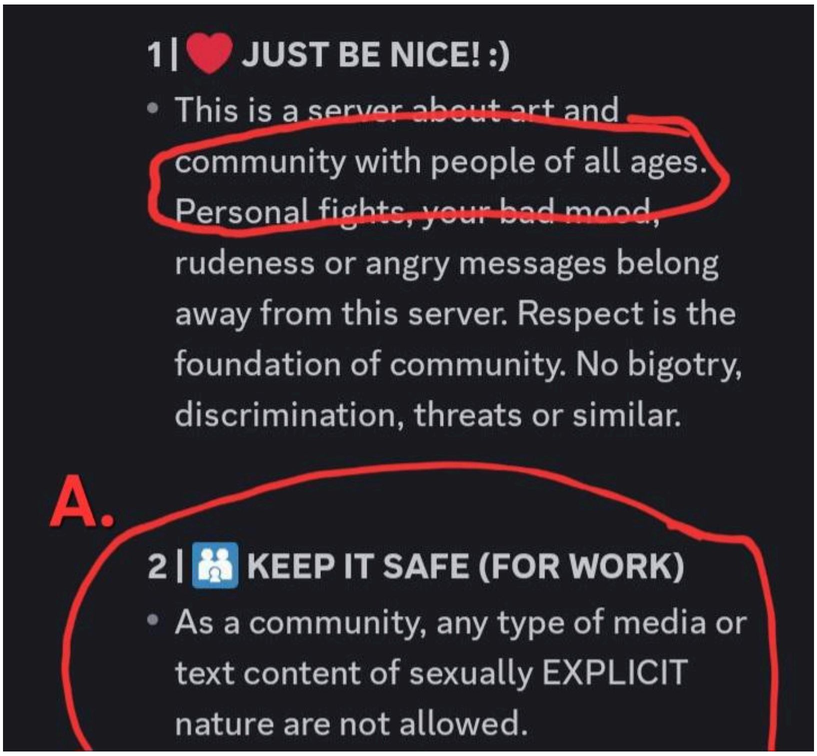
KDI Experience and the failure of being a community

I joined the community when I was 12 years old, in October or December. It was an old server, if I'm not mistaken, the server had a different name, but anyway, I joined the server because my YouTuber kept sending me recommendations for the labirhin animations, specifically "The Stars Are Falling." I have to admit, the animation was good, but it was difficult to connect the 3D of labirhin with a realistic 3D world; it looked like Lego games After seeing it, I entered the server and the first thing I encountered was someone calling me "nigga" (I know I might be saying things, but remember this phrase, it will be important). I stopped, but then the user who called me was muted. After that, I explored the server, and there was an NSFW channel.

Where members could enter (including minors), labirhin was also there posting other people's art of chubby women, and among them was a picture of a hyena's rear end, and labirhin spoke as if he were aroused after seeing that image, which was clearly a feral hyena. After that, I went to explore other channels and went to a clay channel, but then I looked at the media of that channel and found a furry art of a character being raped, and the art was by syuro and was even posted by labirhin.

As incredible as it may seem, the server still admitted that there were minors on the server, and then they had the brilliant idea of changing the channel name instead of deleting it. The channel was deleted after a shutdown in 2024.
However, after the three shutdowns that this server suffered, it got worse every day and year. I even reported people who were making disgusting things, and even then, that server was flawed. The server has already changed ages three times, and now it's the fourth

Here is some evidence regarding the security issue on the KDI server.



1 | ❤️ JUST BE NICE! :)

- This is a server about art and community with people of all ages. Personal fights, your bad mood, rudeness or angry messages belong away from this server. Respect is the foundation of community. No bigotry, discrimination, threats or similar.

A.

2 | KEEP IT SAFE (FOR WORK)

- As a community, any type of media or text content of sexually EXPLICIT nature are not allowed.

(The "A" stands for controversial and inconsistent actions that break the server's main rule.) This evidence proves that the server is for all ages.

(it a porn there's nothing to say about it, but this art has been posted on the server)

And the fact is that there were strange people on the server, and one of them was a friend of mine whom I trusted until I saw that he simply doxxed a friend of mine, including making threats against people, including me, for no apparent reason
and mainly complaints about community involvement among minors; many members take part in the community because they consider the place like a home where you stay in real life.

But how can the mistakes of server owners or administrators harm a community? Because they take the actions of authority figures and then blame the actions of the members, and that's why it becomes bad for the server. And yes, not everyone makes these mistakes, but that minority becomes a minority.
I have good examples, like this conversation, where a minor starts talking about necrophilia to another person, even though the victim is uncomfortable.

It only he talks about necrophilia stuff but also shares vore and porn on the server and he stills on server posting and even the moderators was aware about this but no, they let him on the server and meanwhile people who reports this kind of actions are getting for no reason

Yeah im sure that the moderators just care about money or being famous instead of helping a community Where it had great potential in the past, now it has none thanks to Labirhin and Finny, who don't even know how to run a community and still hire pedophiles as moderators on the server and even put a "you goon on the characters" tag even knowing that there are minors on their server.

so yeah this guy is still on the server posting some unfunny jokes including sharing porn and fetishistic content on there

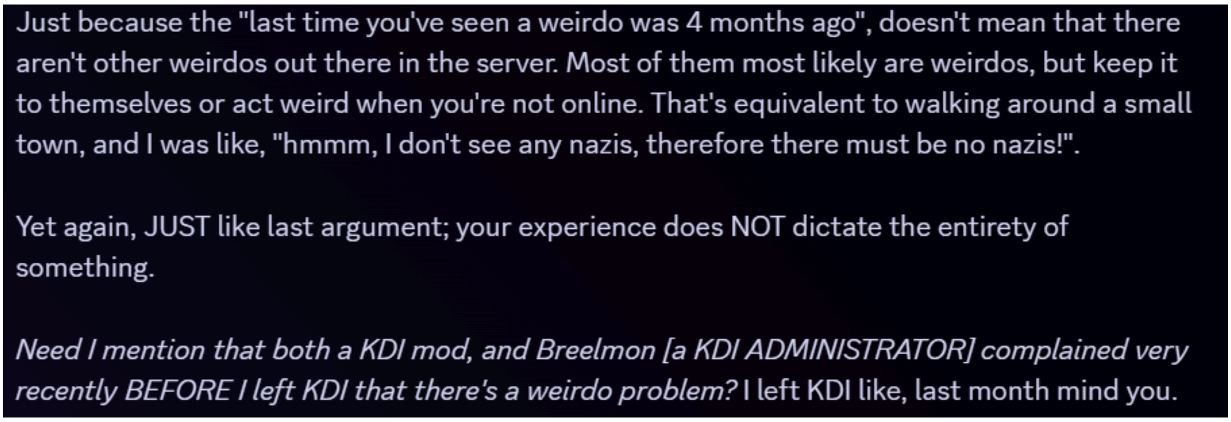
frustration among members.



Just because the "last time you've seen a weirdo was 4 months ago", doesn't mean that there aren't other weirdos out there in the server. Most of them most likely are weirdos, but keep it to themselves or act weird when you're not online. That's equivalent to walking around a small town, and I was like, "hmmm, I don't see any nazis, therefore there must be no nazis!".

Yet again, JUST like last argument; your experience does NOT dictate the entirety of something.

Need I mention that both a KDI mod, and Breelmon [a KDI ADMINISTRATOR] complained very recently BEFORE I left KDI that there's a weirdo problem? I left KDI like, last month mind you.

A member/moderer's account states that just because you haven't seen a weirdo doesn't mean the fandom is paradise.

LABIRHIN WAS RIGHT. I read Labi's response documents. Everything that this bih-ahh fuh-a Kenjius said was cut out of context, ABSOLUTELY cut of context

I stopped talking to Kenji right after finding out the truth. I'm probably unlikely to get forgiveness, considering that I had to communicate with him, help even, but... the least I can do is to get rid of his so called "expose"—I will send YouTube a complaints about his vids

I swear

He betrayed me and still has the nerve to tell me he was having a breakdown and even say that it was all in the past. Yes, it was in the past. It was in the past to go to someone's private chat and say you wanted to kill someone. It was in the past to go to someone and ask if they could doxxing. He tried to change my mind about this situation, to doxx someone, and I kept saying no.
(here some of the evidences about it)

I don't even remember what I did

And most decided that they don't want to see me

『F』 12/12/25, 5:46 AM

[redacted] 12/12/25, 9:03 AM

[redacted] didn't even say any this yet

『F』 12/12/25, 1:30 PM

I'm sorry. I just thought that what I was trying to achieve wouldn't lead to anything good

Now we're going to the part about the grooming I suffered, and I have nothing to show for it because this evidence is enough to demonstrate how disgusting the community we admire is becoming.

Masochistic and manipulative

This is a really disgusting topic, to be honest, because, my goodness, I didn't know Labirhin hired a parasite like that. This guy was so weird that he called others "little bun" and "bite you" on a public server. What's with this crazy guy?

Well, it all started when I got a timeout from Nonor for discussing "suggestive topics," so I went to his private message to ask him to send me the rules again because, for some reason, the verification channel had the server rules, and you entered the server with the "unverified" role, and when you completed the verification, that role disappeared, and you didn't have access to that channel with the rules.

I thanked him and even said thank you very much for being such a good person to me, then he asked me, "Do you accept me sending good morning messages?" I said,"I don't know, but maybe." Then he started sending me good morning messages at odd hours because he was German and I was Brazilian, so the good morning messages were strange
However, our friendship grew closer because I didn't trust him, so I started asking questions like, "Do you have a religion?" "Do you like anything?" He replied that he was an atheist and that the reason for his atheism was overwhelming, and he even revealed his own fetish in the middle.

Ahg

About girls

It was in the summer

I was driving home from the presidential elections

17:37 And in the midst of the noise of the city, there is a bang and a loud screeching of metal

The minibus overturned and some car quickly started to drive away

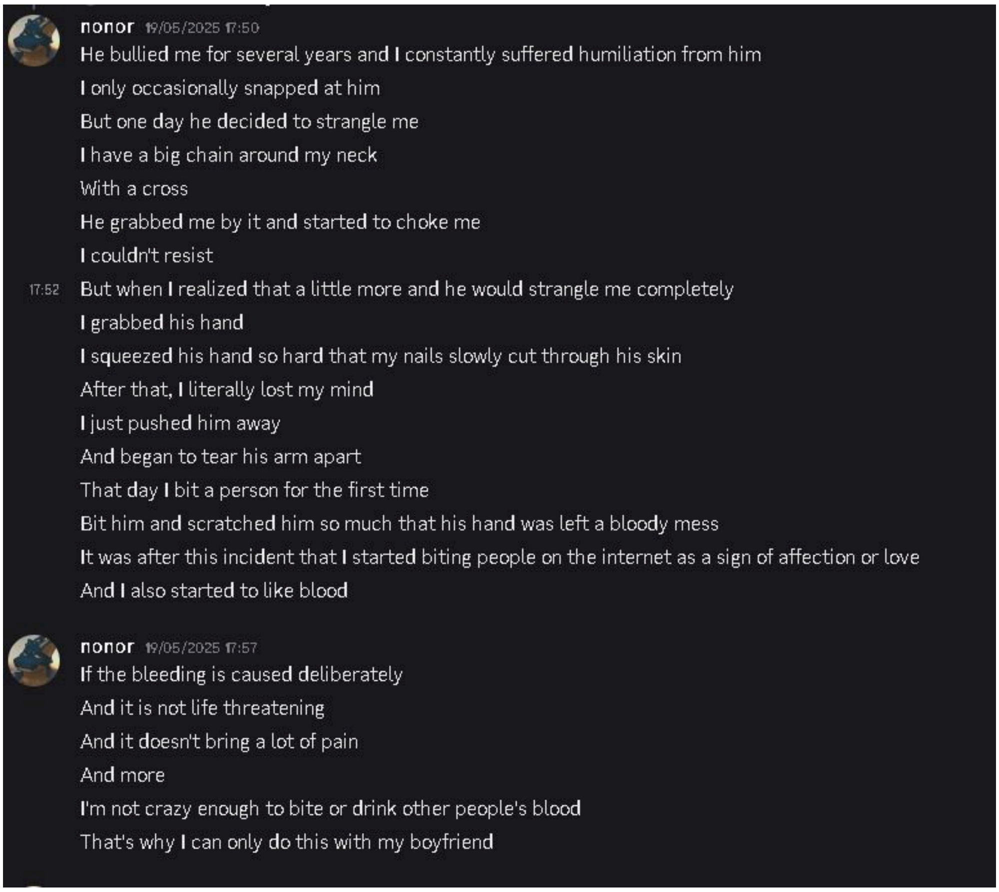
All the people from the area came running and started to turn the minibus back onto its Wheels (editado)

Everyone received minor injuries except for two girls

11 and 14 years old

As far as I remember

They both had a huge laceration on their arm



nonor 19/05/2025 17:50

He bullied me for several years and I constantly suffered humiliation from him

I only occasionally snapped at him

But one day he decided to strangle me

I have a big chain around my neck

With a cross

He grabbed me by it and started to choke me

I couldn't resist

17:52 But when I realized that a little more and he would strangle me completely

I grabbed his hand

I squeezed his hand so hard that my nails slowly cut through his skin

After that, I literally lost my mind

I just pushed him away

And began to tear his arm apart

That day I bit a person for the first time

Bit him and scratched him so much that his hand was left a bloody mess

It was after this incident that I started biting people on the internet as a sign of affection or love

And I also started to like blood

nonor 19/05/2025 17:57

If the bleeding is caused deliberately

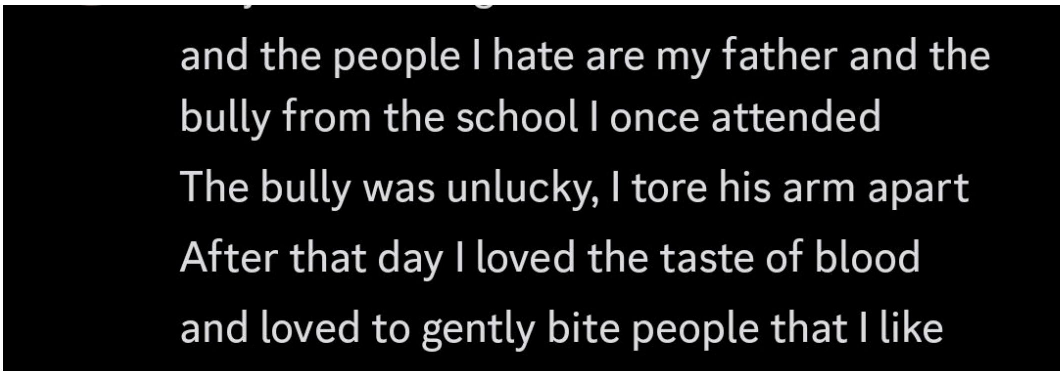
And it is not life threatening

And it doesn't bring a lot of pain

And more

I'm not crazy enough to bite or drink other people's blood

That's why I can only do this with my boyfriend



and the people I hate are my father and the bully from the school I once attended

The bully was unlucky, I tore his arm apart

After that day I loved the taste of blood

and loved to gently bite people that I like

This bothered me a bit because I started to wonder if he was a murderer, and he said no, that he practiced it with his boyfriend, that he liked to bite, and so on.
But as time went on, he kept calling me "little bun" and encouraging me to do it, and then showing me strange things, like these images, for example.

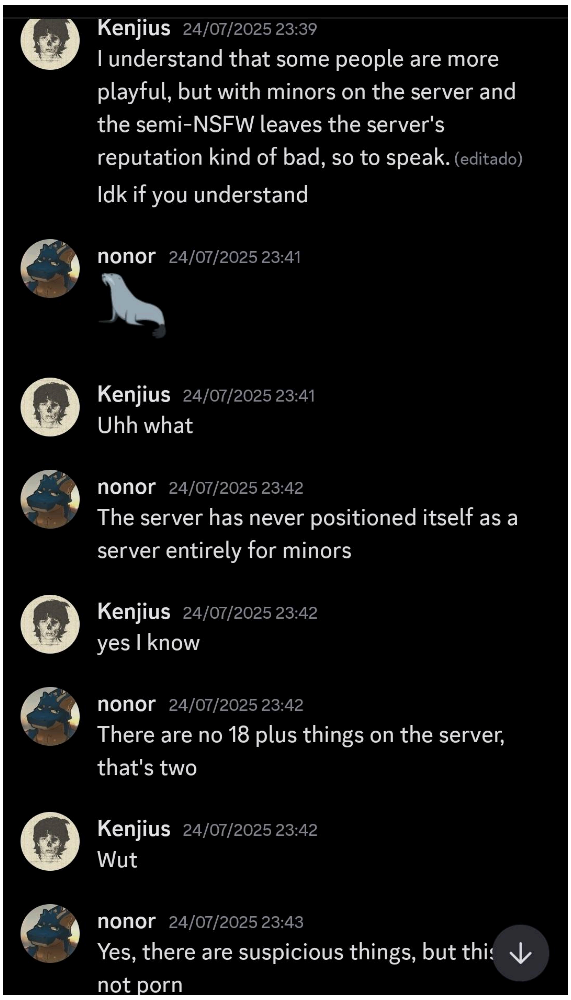
At that moment, when he revealed to me that he had a masochistic fetish, I became very attentive to his things because, firstly, I didn't know what masochism was. In 2025, I was 14 years old and I didn't have that knowledge, so I started to suspect he was a murderer until he gaslighted me, saying that there were no "NSFW" things on that server or that children went there, even though I already showed the images in question in this document.



Kenjius 24/07/2025 23:39
I understand that some people are more playful, but with minors on the server and the semi-NSFW leaves the server's reputation kind of bad, so to speak. (editado)

I'm trying to say that I strongly disagree with someone using a photo of a criminal or an NSFW artist or an NSFW art

and this is bad for the labirhin commun

(This conversation is about a user who has a pfp made by a zoopholic artist.)

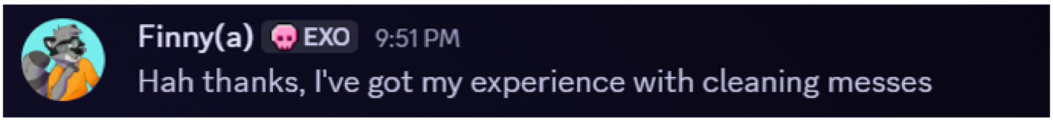
I was simply sad, and even worse, because in 2025, I suffered sexual abuse at the church I attended, and I needed someone to talk to because I was really upset about what happened to me. No, I'm not asking, "Please have pity on me," I'm just talking about my past.
So I stopped talking to him because I realized what he wanted from me. I asked several server moderators, and they just insulted me, saying I was weird. However, I asked my friend to contact Finny.

Yes, in this one I'll tell you about my experience with Finny.

Finny The babyfur protagonist

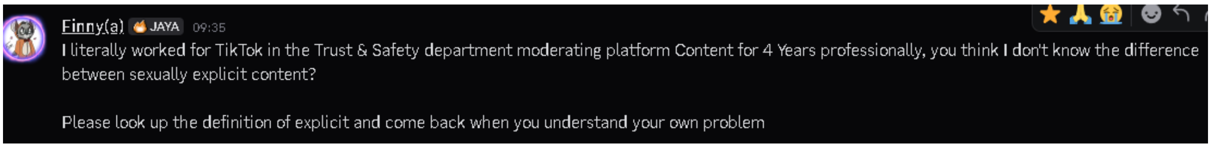
Finny müller is a 26 year old or something contracted by labirhin, she's trans gender non binary baby fur. He has a degree in economics and marketing, but somehow he has little knowledge in that area. I don't know how, but okay.
He argues about everything on the internet for no reason. I understand that people on the KDI server are jerks and all, but is it really necessary to go into her private chat, insult her repeatedly, and then say, "I'm a professional at cleaning messes"

No, I'm exaggerating. He really did pull one of those.



Finny(a) EXO 9:51 PM
Hah thanks, I've got my experience with cleaning messes

You're so good at this that you traumatized several artists after you assaulted your own girlfriend in public for no reason.
including making them starve.

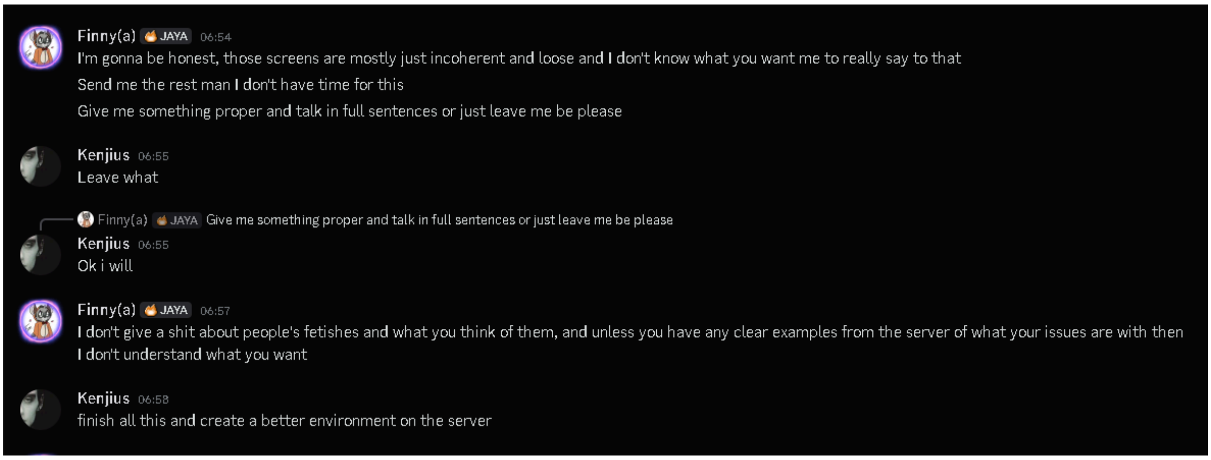


Finny(a) JAYA 09:35
I literally worked for TikTok in the Trust & Safety department moderating platform Content for 4 Years professionally, you think I don't know the difference between sexually explicit content?

Please look up the definition of explicit and come back when you understand your own problem

And you're so good at security that you simply let a pedophile onto the server and into your circle of friends, even though you didn't care at all about the dangers like NSFW artists entering the server and especially pedophiles.

after i simply sent to him all evidences about the groomer so them he say “that incoherent” im not sure that talking to a minor about masochism and also making love bombing on him including not accept any of my request about how the community became very very sexuality but ok.



Finny(a) JAYA 06:54

In the end, he threatened to ban me with an image I sent him, even though he liked the image I sent. Then he tells me, "According to your logic, I should ban you," even though I sent him truthful images. And he sends me one saying, "I worked at TikTok for 4 years." WHO CARES, YOU IDIOT? JUST DO YOUR JOB RIGHT!

I simply love seeing people support this guy, considering he's already, has a history of liking diaper fur or baby fur, and is a 28-year-old or older adult on a server that's been confirmed to be for all ages or for 13-year-olds. That scares me.

That's not the only bad thing about him; he constantly insults other people for no reason and makes zero promises that are often ignored, like a moderator who lost her position due to a complaint. A stalker, yes, a stalker. But what will our hero do? You already know.

Here, the full statement is sended by the victim:

(Someone who I had relations with joined the server, and I wanted them gone because they made me extremely uncomfortable. I went to finya about it, and whilst she was on my side and removed them on my behalf, the guy came back on an alt, and they had a conversation. It was very late, like near 2 am. I was tired and had to talk to finya about it. I messaged the person saying, "Are you talking to my boss?" and he said yes and out of fear and panic I said "Just stop" it wasn't meant to be used in a way to tell them to back off and stop talking, i was becoming frustrated and said it on short notice without thinking. he's obviously sharing active screenshots and sharing it with her, so she sees me telling them to stop despite me saying that I didn't. But that's what sealed my fate. I was unprofessional at certain points, and I acknowledge that. But now this personal issue became a staff issue, and now they agreed to let me go. If you're wondering why I didn't just block this guy, I considered them a friend and i've been trying to distance myself from them as they've been becoming obsessive and overly sexual with me at random points. But I still looked at them as a friend. I asked finya to remove them because they joined after seeing that I've been having a heavy interest in MMA and constantly asking what the series was called but they went digging for themselves and joined the server whilst announcing they joined because they saw me having interest in it despite me never giving any form of input.

I was learning, this was my first time being a mod and whilst I made some mistakes I was learning, I dedicated my time to constantly watching and going to the mod chat whenever I needed help. It was only my third day from it all. I just. I just should've blocked them and removed them from my life earlier. I hate myself for not doing so.)

I've understood the rest of the situation, I just wanted to note this

Wtf?

[redacted] JAYA 3:38 AM

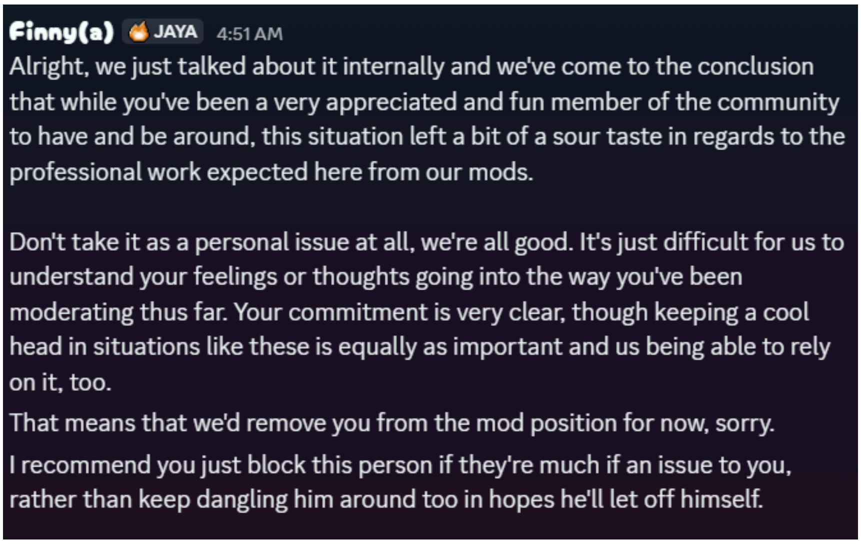
Finny(a) JAYA 3:39 AM
Now you're just straight up lying, why
It also still didn't answer it either, I'm asking what your thought process was in even asking in the first place



Finny(a) JAYA 4:51 AM
Alright, we just talked about it internally and we've come to the conclusion that while you've been a very appreciated and fun member of the community to have and be around, this situation left a bit of a sour taste in regards to the professional work expected here from our mods.

Don't take it as a personal issue at all, we're all good. It's just difficult for us to understand your feelings or thoughts going into the way you've been moderating thus far. Your commitment is very clear, though keeping a cool head in situations like these is equally as important and us being able to rely on it, too.
That means that we'd remove you from the mod position for now, sorry.
I recommend you just block this person if they're much if an issue to you, rather than keep dangling him around too in hopes he'll let off himself.

About the diaper fur content is here, that includes that he supported tygre a pedophile on furry community

That's all I have to say about this, because to be honest, I'm not going to play economist here, since I myself don't understand economics. But as you can see from the evidence I've shown to everyone reading, you can see that this guy is a complete accomplice and incompetent. I'm not like that

finnyaracc.bsky.social 28.06.2023

Honestly though it's gonna be hard keeping that in check because people always keep compelled quoting or replying to shitheads and thus automatically amplifying their reach.

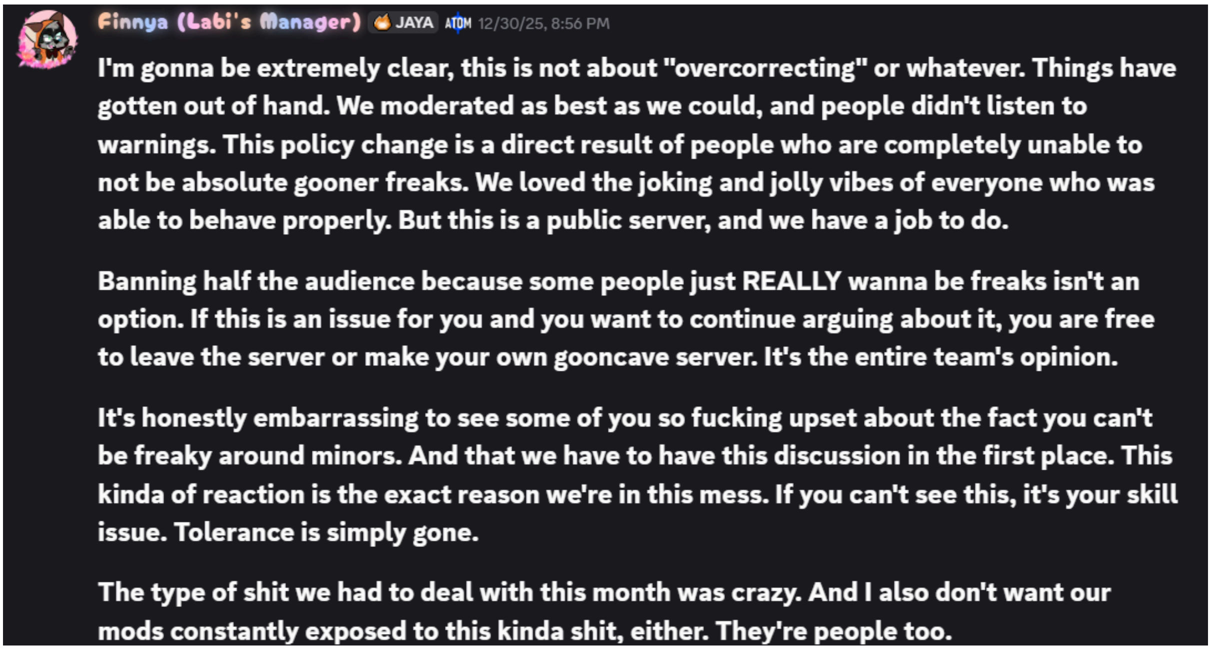
I'm going to aggressively engage with any positive posts to reward those instead.

finnyaracc.bsky.social 28.06.2023

meanwhile on internet he acts that he understand these topics about sexual stuff

so them in 2025 he simply cant remove sexual stuff and he still say “theres no sense if you are expensing me knowing that im removing questionable content on the server”
Blaming the community and even saying it was responsible for these incidents, when instead of wasting time arguing with strangers online, you should invest more in security instead of fighting and working on something that doesn't make sense.

Oh, you worked at TikTok? I'm sorry, but you made the app even worse in your four years of work there. Oh, are you normalizing yourself even though you're a babyfur? That already shows you're a weird adult trying to create a safe community.



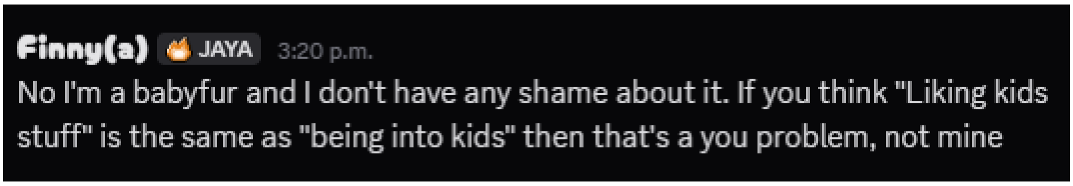
I'm gonna be extremely clear, this is not about "overcorrecting" or whatever. Things have gotten out of hand. We moderated as best as we could, and people didn't listen to warnings. This policy change is a direct result of people who are completely unable to not be absolute gooner freaks. We loved the joking and jolly vibes of everyone who was able to behave properly. But this is a public server, and we have a job to do.

Banning half the audience because some people just REALLY wanna be freaks isn't an option. If this is an issue for you and you want to continue arguing about it, you are free to leave the server or make your own gooncave server. It's the entire team's opinion.

It's honestly embarrassing to see some of you so fucking upset about the fact you can't be freaky around minors. And that we have to have this discussion in the first place. This kinda of reaction is the exact reason we're in this mess. If you can't see this, it's your skill issue. Tolerance is simply gone.

The type of shit we had to deal with this month was crazy. And I also don't want our mods constantly exposed to this kinda shit, either. They're people too.

(hypocrisy in words)



No I'm a babyfur and I don't have any shame about it. If you think "Liking kids stuff" is the same as "being into kids" then that's a you problem, not mine

Did some research, Germany is apart of the EU and a key member states.

https://eur-lex.europa.eu/legal-content/EN/TXT/?uri=CELEX%3A32011L0093&qid=1781963907062

"Directive on combating the sexual abuse and sexual exploitation of children and child pornography."

Acticle 2 EXPLICITLY states that "any material that visually depicts any person appearing to be a child engaged in real or simulated sexually explicit conduct..."

Last time I checked, fetish drawlings retaining to shitting and pissing in diapers while depicting a minors falls under "any material that visually depicts any person appearing to be a child engaged in real or simulated sexually explicit conduct..."

Article 2 btw.

As we know that Finny is a Russian German, we can see that articles of European law show that content resembling "baby fur" can be grounds for imprisonment.

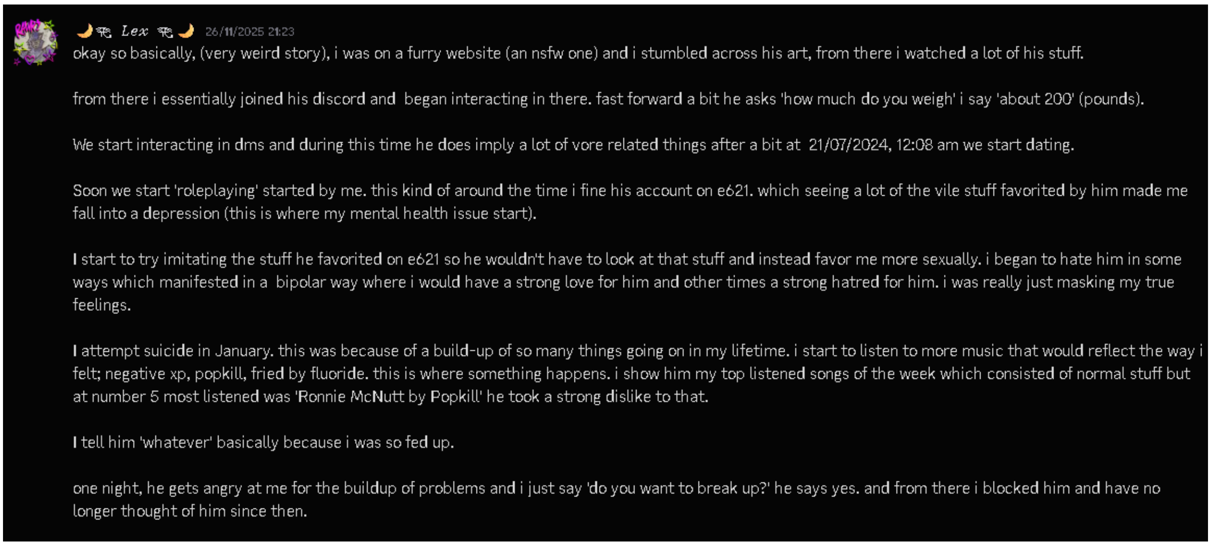
The Parallel of Labirhin

Labirhin was already a strange man, he spoke in a silly way, he accepted all sorts of things. I remember he was in a voice chat on the server and people started saying "wow, I love this character so much" or "he's my husband," and then he blurted out "you can goon the characters." With that simple phrase, in my opinion, it made the server even worse.

As mentioned, let's focus on the heavy part. In 2024 or 2025, the server suffered a shutdown, and when it came back online, I saw that a user named Lex had left the server. Some members were worried and trying to find out what had happened. Some time passed, and in October or August 2025, a friend sent me some evidence about what labirhin did... I feel nauseous.
Labirhin, an idol I admired, had done something that filled me with pure rage; Lex had been mistreated.
But before I go on, I'm going to say one thing: what Labirhin said about Lex is pure lies and pure stupid manipulation. To say she was a pervert makes absolutely no sense. Lex was around 15 or 16 years old at the time, and Labirhin was 18. He was an adult man dating a girl that age, a minor who suffers grooming and opens herself up completely to any relationship. And most importantly, she told me that she was depressed and that he had attempted suicide. Don't stop accusing someone without knowing their life story.



🌙🪽 Lex 🪽🌙 26/11/2025 21:23

okay so basically, (very weird story), i was on a furry website (an nsfw one) and i stumbled across his art, from there i watched a lot of his stuff.

from there i essentially joined his discord and began interacting in there. fast forward a bit he asks 'how much do you weigh' i say 'about 200' (pounds).

We start interacting in dms and during this time he does imply a lot of vore related things after a bit at 21/07/2024, 12:08 am we start dating.

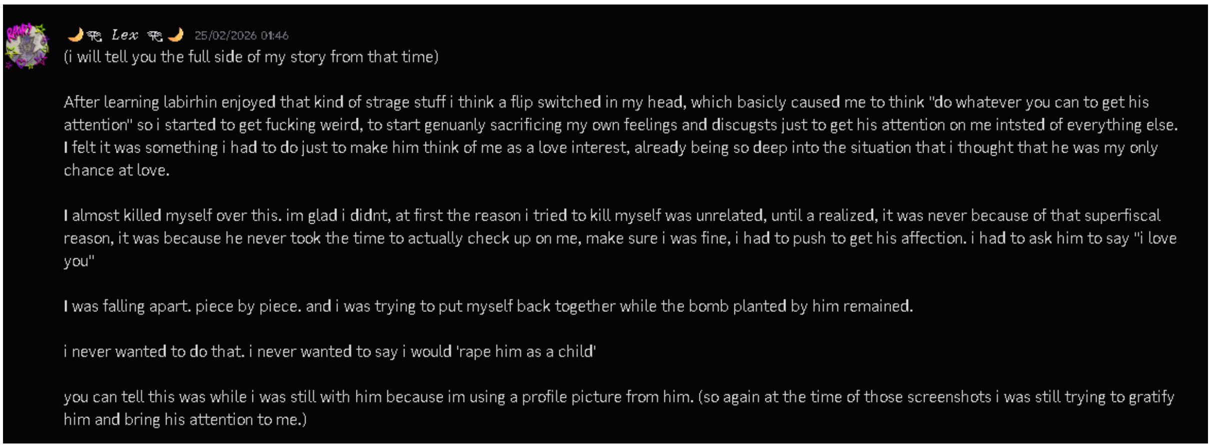
Soon we start 'roleplaying' started by me. this kind of around the time i fine his account on e621. which seeing a lot of the vile stuff favorited by him made me fall into a depression (this is where my mental health issue start).

I start to try imitating the stuff he favorited on e621 so he wouldn't have to look at that stuff and instead favor me more sexually. i began to hate him in some ways which manifested in a bipolar way where i would have a strong love for him and other times a strong hatred for him. i was really just masking my true feelings.

I attempt suicide in January. this was because of a build-up of so many things going on in my lifetime. i start to listen to more music that would reflect the way i felt; negative xp, popkill, fried by fluoride. this is where something happens. i show him my top listened songs of the week which consisted of normal stuff but at number 5 most listened was 'Ronnie McNutt by Popkill' he took a strong dislike to that.

I tell him 'whatever' basically because i was so fed up.

one night, he gets angry at me for the buildup of problems and i just say 'do you want to break up?' he says yes. and from there i blocked him and have no longer thought of him since then.



🌙🪽 Lex 🪽🌙 25/02/2026 01:46

(i will tell you the full side of my story from that time)

After learning labirhin enjoyed that kind of strage stuff i think a flip switched in my head, which basicly caused me to think "do whatever you can to get his attention" so i started to get fucking weird, to start genuanly sacrificing my own feelings and discugsts just to get his attention on me intsted of everything else. I felt it was something i had to do just to make him think of me as a love interest, already being so deep into the situation that i thought that he was my only chance at love.

I almost killed myself over this. im glad i didnt, at first the reason i tried to kill myself was unrelated, until a realized, it was never because of that superfiscal reason, it was because he never took the time to actually check up on me, make sure i was fine, i had to push to get his affection. i had to ask him to say "i love you"

I was falling apart. piece by piece. and i was trying to put myself back together while the bomb planted by him remained.

i never wanted to do that. i never wanted to say i would 'rape him as a child'

you can tell this was while i was still with him because im using a profile picture from him. (so again at the time of those screenshots i was still trying to gratify him and bring his attention to me.)

{This is her story with Labirhin}

So, Lex is Labirhin's girlfriend. She came to me and explained the evidence that I had caught him.

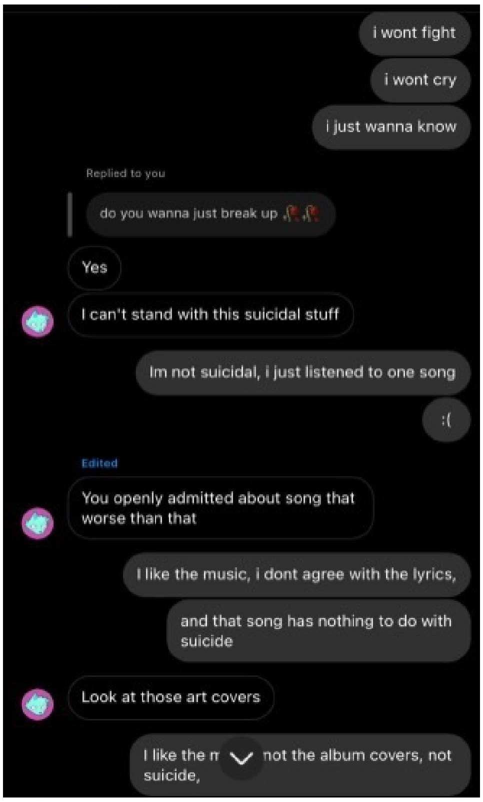
Anyways Regarding her depression, she started listening to music like popkill or incelcore, which angered Labirhin, who decided to argue with her.



i wont fight

i wont cry

i just wanna know

Replied to you

do you wanna just break up 🥀🥀

Yes

I can't stand with this suicidal stuff

Im not suicidal, i just listened to one song

:(

Edited

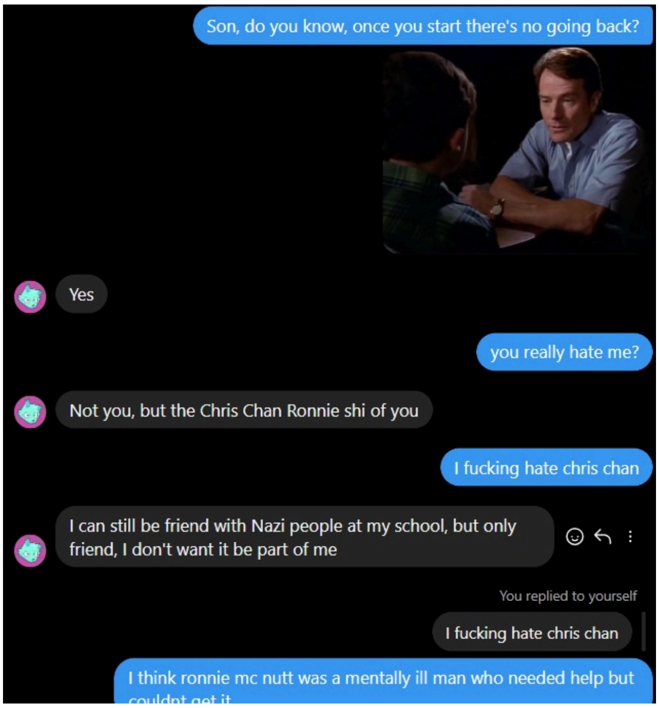
You openly admitted about song that worse than that

I like the music, i dont agree with the lyrics,

and that song has nothing to do with suicide

Look at those art covers

I like the m not the album covers, not suicide,



Son, do you know, once you start there's no going back?

Yes

you really hate me?

Not you, but the Chris Chan Ronnie shi of you

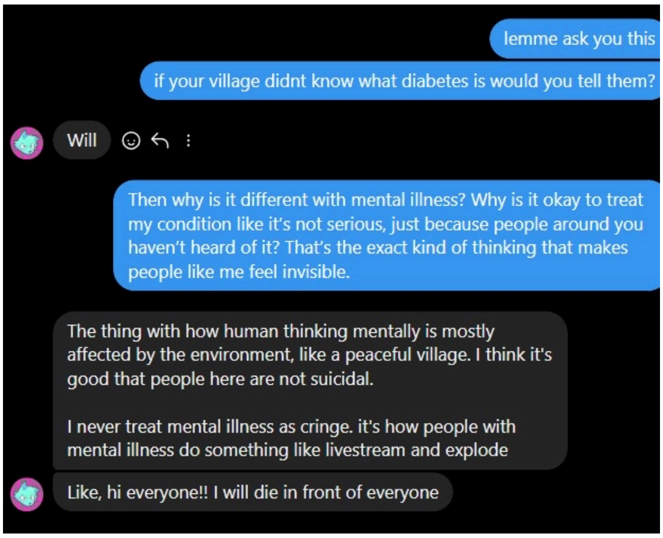
I fucking hate chris chan

I can still be friend with Nazi people at my school, but only friend, I don't want it be part of me

You replied to yourself

I fucking hate chris chan

I think ronnie mc nutt was a mentally ill man who needed help but couldnt get it



lemme ask you this

if your village didnt know what diabetes is would you tell them?

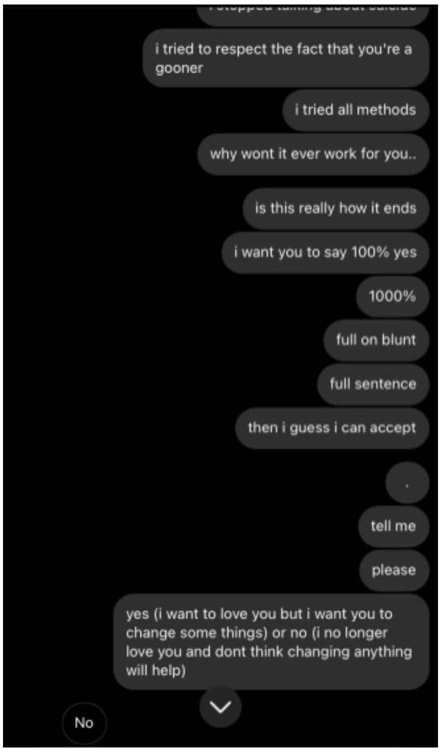
Will

Then why is it different with mental illness? Why is it okay to treat my condition like it's not serious, just because people around you haven't heard of it? That's the exact kind of thinking that makes people like me feel invisible.

The thing with how human thinking mentally is mostly affected by the environment, like a peaceful village. I think it's good that people here are not suicidal.

I never treat mental illness as cringe. it's how people with mental illness do something like livestream and explode

Like, hi everyone!! I will die in front of everyone



i tried to respect the fact that you're a gooner

i tried all methods

why wont it ever work for you..

is this really how it ends

i want you to say 100% yes

1000%

full on blunt

full sentence

then i guess i can accept

.

tell me

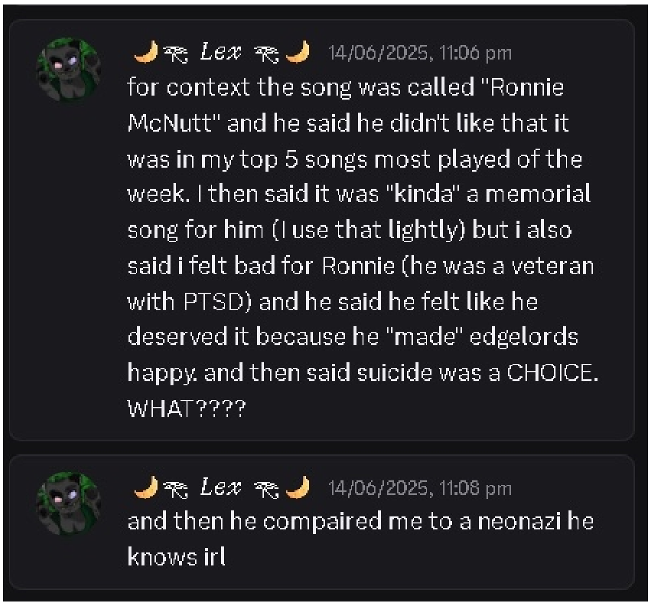
please

yes (i want to love you but i want you to change some things) or no (i no longer love you and dont think changing anything will help)

No

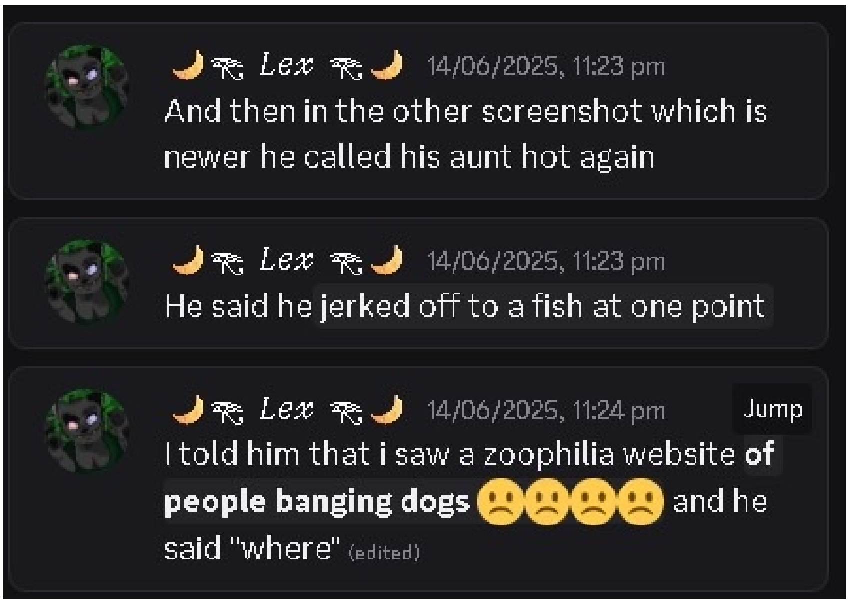
(after this she no longer contacted with labirhin)

Simply arguing with a minor just because she was sad and listening to your music, yes I understand people hate suicide and hate depression, but this act is totally unnecessary, this is harassment because you are arguing with a minor because of this.
Now here are some reports with Lex about the main behaviors that fit very well.



🌙 Lex 🌙 14/06/2025, 11:06 pm
for context the song was called "Ronnie McNutt" and he said he didn't like that it was in my top 5 songs most played of the week. I then said it was "kinda" a memorial song for him (I use that lightly) but i also said i felt bad for Ronnie (he was a veteran with PTSD) and he said he felt like he deserved it because he "made" edgelords happy. and then said suicide was a CHOICE. WHAT????

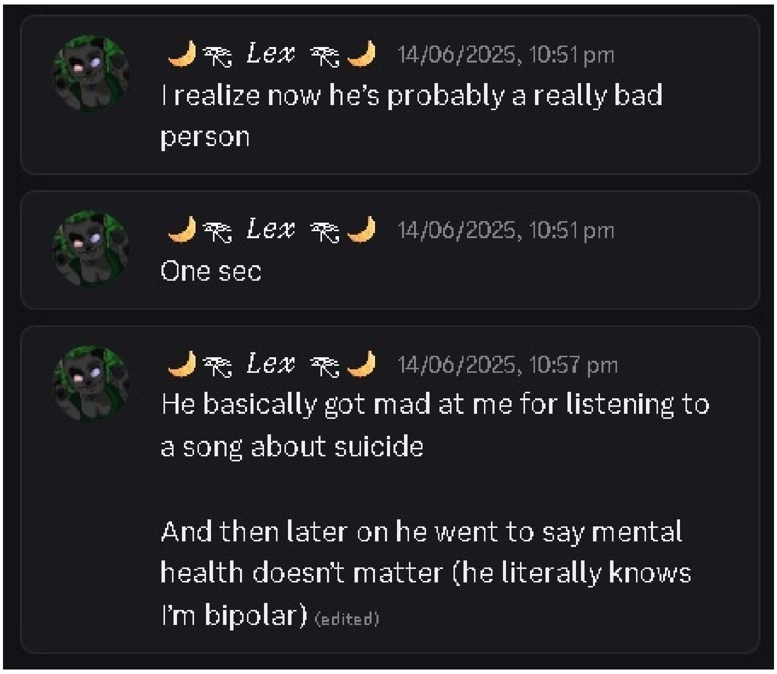
🌙 Lex 🌙 14/06/2025, 11:08 pm
and then he compaired me to a neonazi he knows irl



🌙𓂀 Lex 𓂀🌙 14/06/2025, 11:23 pm
And then in the other screenshot which is newer he called his aunt hot again

🌙𓂀 Lex 𓂀🌙 14/06/2025, 11:23 pm
He said he jerked off to a fish at one point

🌙𓂀 Lex 𓂀🌙 14/06/2025, 11:24 pm
I told him that i saw a zoophilia website **of people banging dogs** 🙁🙁🙁🙁 and he said "where" (edited)



🌙𓂀 Lex 𓂀🌙 14/06/2025, 10:51 pm
I realize now he's probably a really bad person

🌙𓂀 Lex 𓂀🌙 14/06/2025, 10:51 pm
One sec

🌙𓂀 Lex 𓂀🌙 14/06/2025, 10:57 pm
He basically got mad at me for listening to a song about suicide

And then later on he went to say mental health doesn't matter (he literally knows I'm bipolar) (edited)

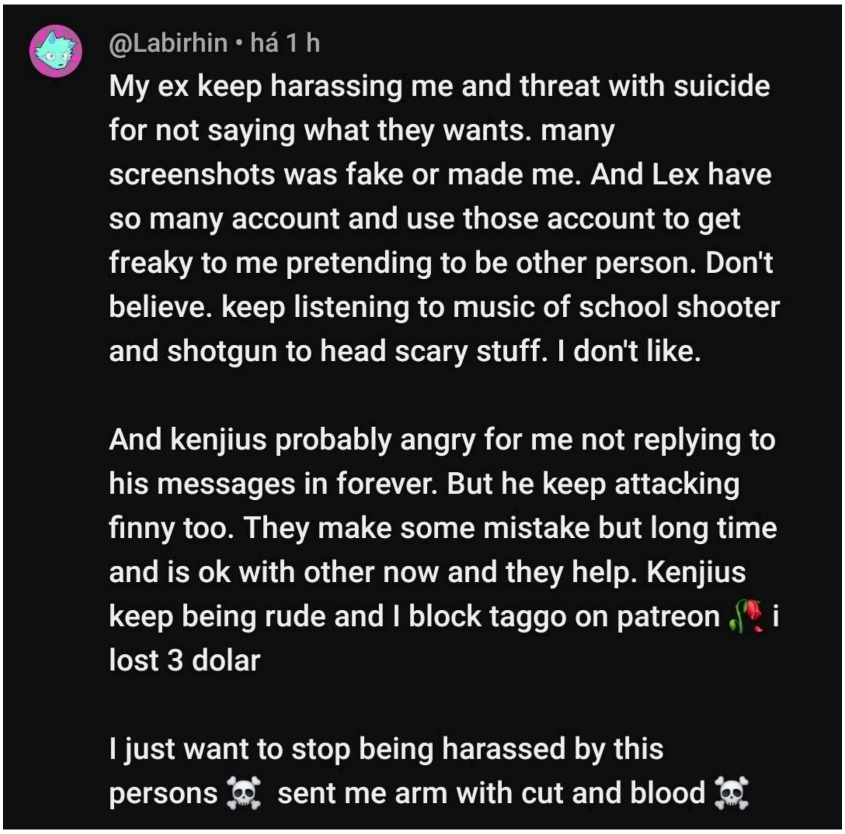
That must be lex, she hates me, i broke up with her because she likes school shooters, suicide, zooporn and weird roleplay

Maybe youre lex too

She has a gazillion account

(yes he said that, he also said the same thing in my comment section about her on youtube and he simply deleted, what cowardly)



@Labirhin • há 1 h

My ex keep harassing me and threat with suicide for not saying what they wants. many screenshots was fake or made me. And Lex have so many account and use those account to get freaky to me pretending to be other person. Don't believe. keep listening to music of school shooter and shotgun to head scary stuff. I don't like.

And kenjius probably angry for me not replying to his messages in forever. But he keep attacking finny too. They make some mistake but long time and is ok with other now and they help. Kenjius keep being rude and I block taggo on patreon 🥀 i lost 3 dolar

I just want to stop being harassed by this persons ☠️ sent me arm with cut and blood ☠️

Freak? You simply spent years and years being a disgusting man since you were 15 years old. You literally drew this scat art, including your Instagram account (not the other one you know, the one that was deleted, this one).
also what do you mean thousand accounts?, what do you mean im harassing you or your Ex girlfriend is harassing? Where's the evidence? Where's the evidence about her having a “GAZILION ACCOUNT” like what does this mean?

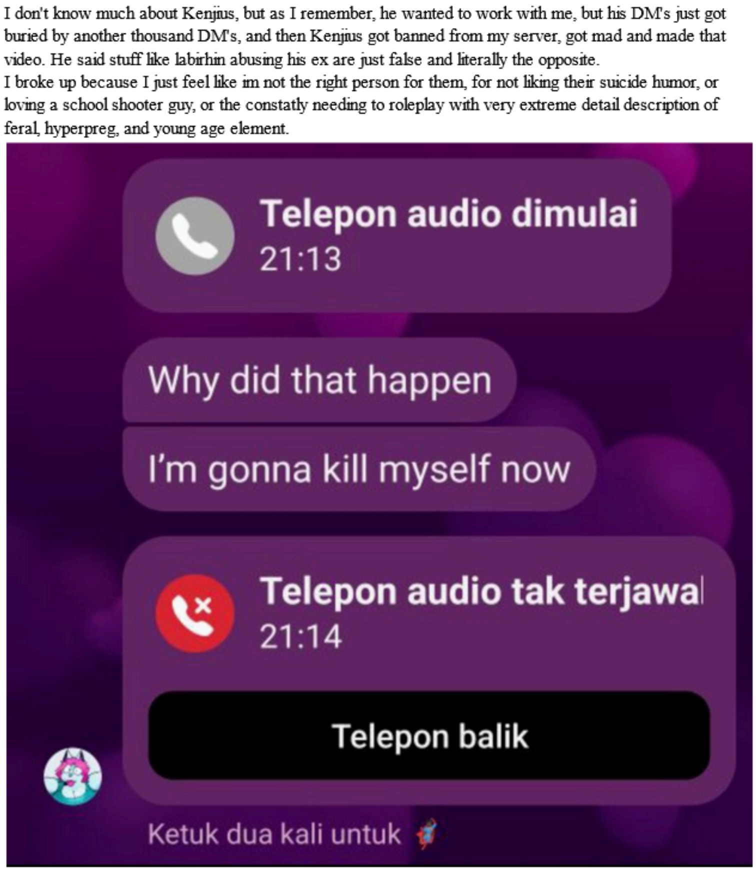
And in it I will refute the evidence and arguments he presented.

Labi response 1



I don't know much about Kenjius, but as I remember, he wanted to work with me, but his DM's just got buried by another thousand DM's, and then Kenjius got banned from my server, got mad and made that video. He said stuff like labirhin abusing his ex are just false and literally the opposite.
I broke up because I just feel like im not the right person for them, for not liking their suicide humor, or loving a school shooter guy, or the constatly needing to roleplay with very extreme detail description of feral, hyperpreg, and young age element.

Why did that happen

I'm gonna kill myself now

Telepon audio tak terjawal

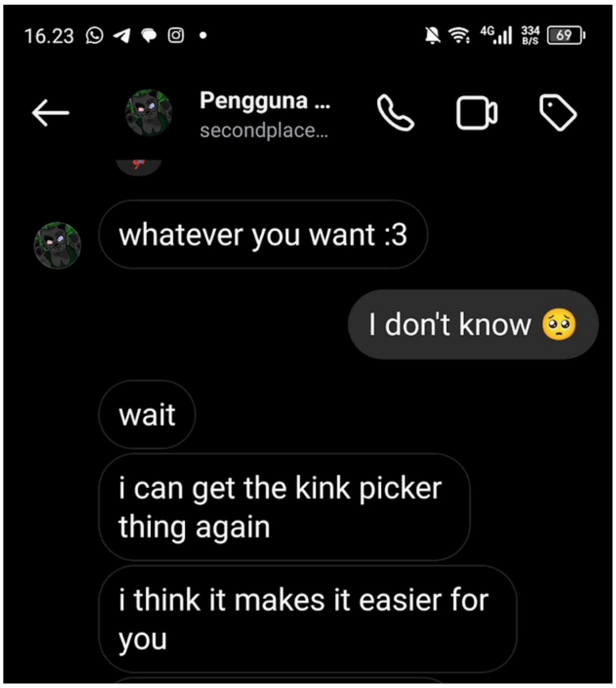
A. On the first page he doesn't understand a joke like she was calling you, what sense does that make? This applies to the second page where he doesn't understand it as satire; she's talking about the actor, not the actual killer in this incident.It mainly applies to the third page because she was edgy at 15 or 16 years old.



whatever you want :3

I don't know 🥺

wait

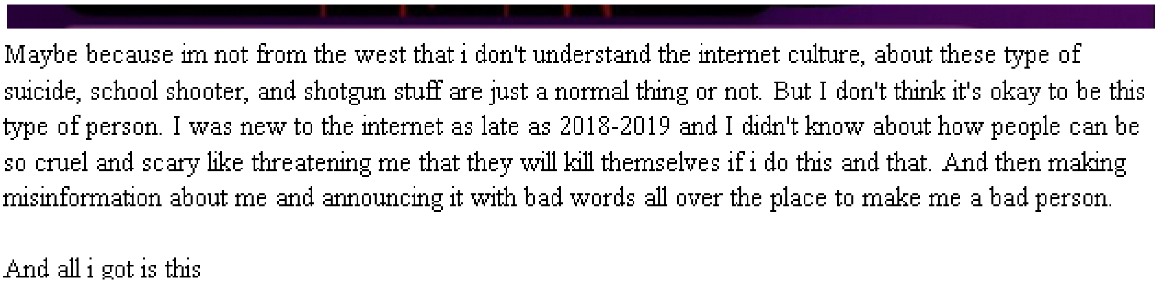
i can get the kink picker thing again

i think it makes it easier for you

B. On pages 4 through 6 and 7, he's showing that Lex was a "freak," even though in the evidence she asks "choose whatever you want" and he replies "I don't know 🥺," and then at the same time he says "I never said I liked roleplays, she forced me." If she forced him, where is the evidence for that?
And why were you acting like you want to do this?

C. On pages 8 and 9, he tries to show that Lex is actually a strange and criminal person, but at the same time tries to prove that she has alter egos, which is why she's such a freak. What kind of accusation is that? There's no evidence showing the accounts she has This includes page 10; he talks as if he's sure she has a lot of alter egos, but in reality, she's just responding to you, worried about the cuts on her arm.

D. Throughout pages 18, he shows evidence upon evidence of how disgusting Lex is, even though he's proving the opposite. Labirhin is an adult, and he's talking to a girl who's 15 or 16 years old. Even knowing this, why didn't he block her? Why did he keep talking to her for over 3 or 2 years, knowing that the young man became like this? it just edgy jokes simply



Maybe because im not from the west that i don't understand the internet culture, about these type of suicide, school shooter, and shotgun stuff are just a normal thing or not. But I don't think it's okay to be this type of person. I was new to the internet as late as 2018-2019 and I didn't know about how people can be so cruel and scary like threatening me that they will kill themselves if i do this and that. And then making misinformation about me and announcing it with bad words all over the place to make me a bad person.

And all i got is this

E. **(GO TO PAGE 26)** New in 2019? You don't know what this means because it is from the west? Are you serious? You basically talk about vore and also have confirmed that you are into vore stuff, you basically make jokes about vore, you simply ask a 15 year old her pound like wtf?

Labi response 2

A. Another lie in the first page here’s the evidence proving that labirhin knows her real age, and also lex is a girl not a male.

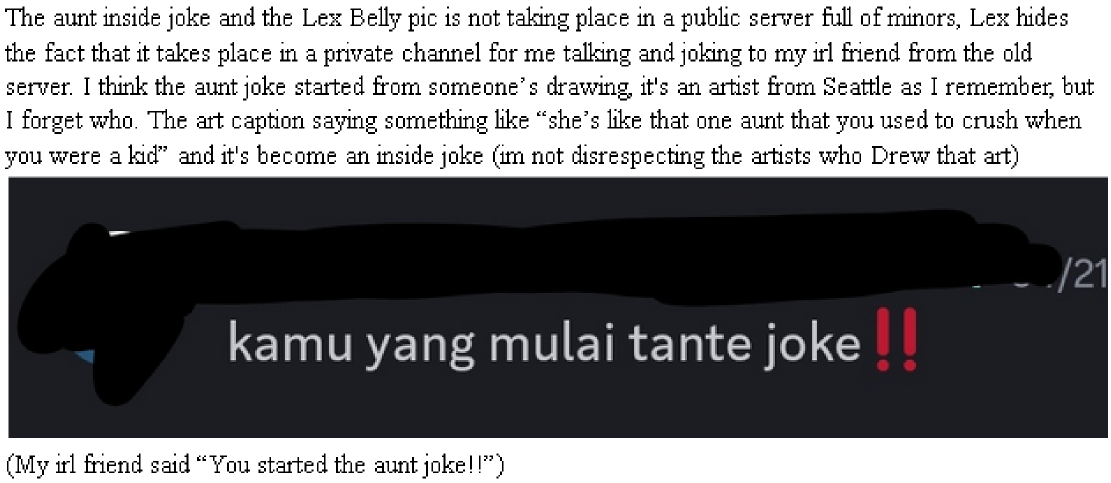
That’s pedophilia?
That’s disgusting

B. In that private chat, Lex was there or you were posting this because you thought it was "funny." By the way, there's no artwork of that "aunt joke." If there is, the artist must only be making an incest joke.



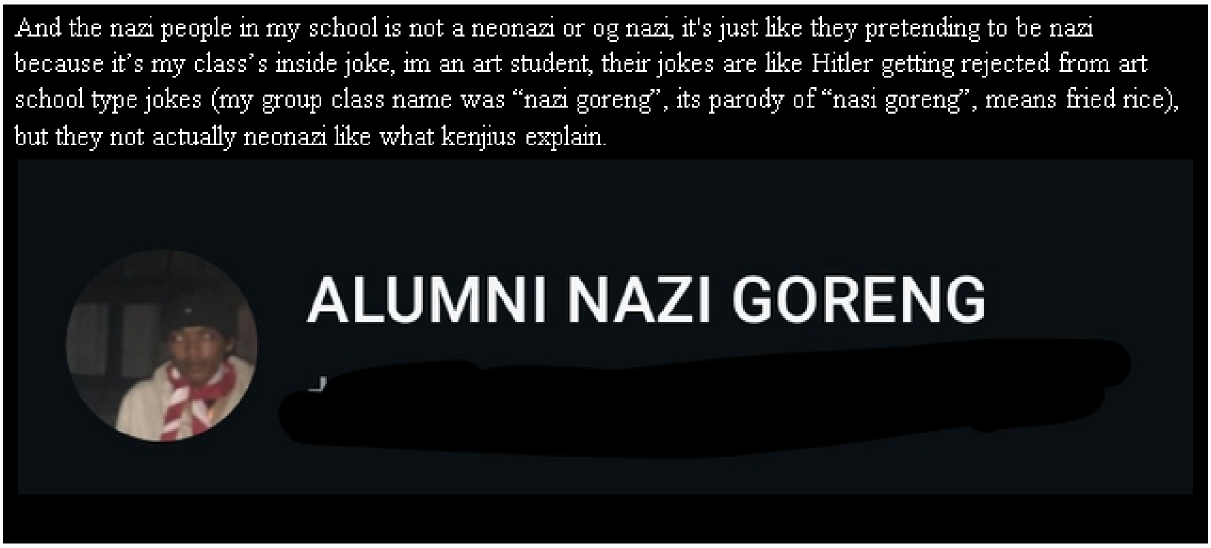
The aunt inside joke and the Lex Belly pic is not taking place in a public server full of minors, Lex hides the fact that it takes place in a private channel for me talking and joking to my irl friend from the old server. I think the aunt joke started from someone's drawing, it's an artist from Seattle as I remember, but I forget who. The art caption saying something like "she's like that one aunt that you used to crush when you were a kid" and it's become an inside joke (im not disrespecting the artists who Drew that art)

[redacted]

kamu yang mulai tante joke‼️

(My irl friend said "You started the aunt joke!!")

C. It's impressive that in the same sentence he admits to being friends with "dark humor" and especially being in a group called "Nazi goreng"—maybe it's because I didn't get the joke, maybe.



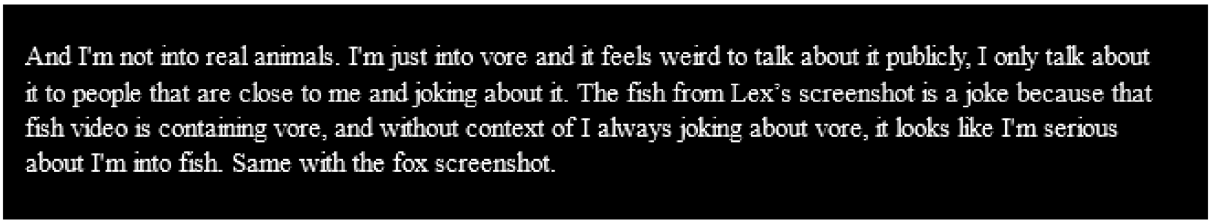
And the nazi people in my school is not a neonazi or og nazi, it's just like they pretending to be nazi because it's my class's inside joke, im an art student, their jokes are like Hitler getting rejected from art school type jokes (my group class name was "nazi goreng", its parody of "nasi goreng", means fried rice), but they not actually neonazi like what kenjius explain.

ALUMNI NAZI GORENG

[redacted]

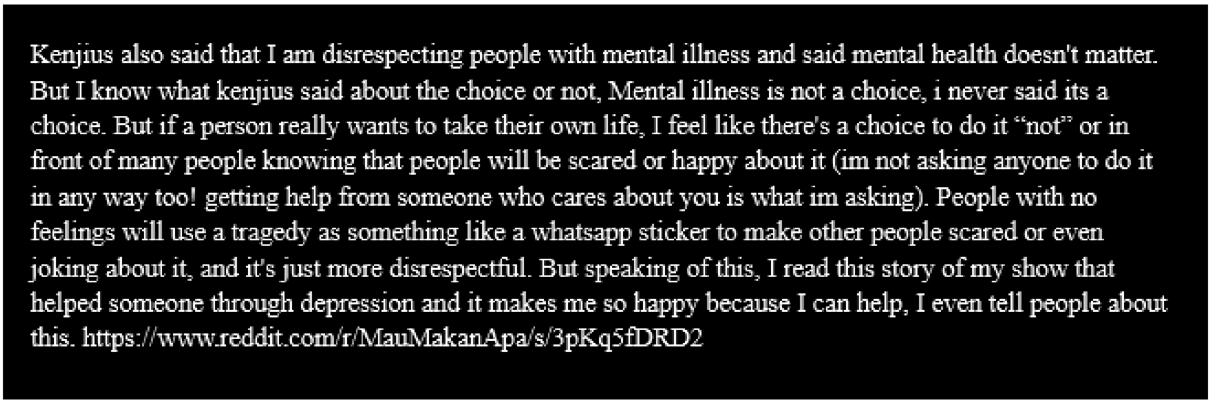
and where the hell i said that people of your school is neonazi dude

E. "guys im into vore but i swear it lex fault, and the fish and the fox screenshots are just jokes guys" making paraphilia joke with minor meanwhile you are accusing a minor that you simply destroyed her mind by saying weird shit to her, and now it her fault just bc you like vore? crazy



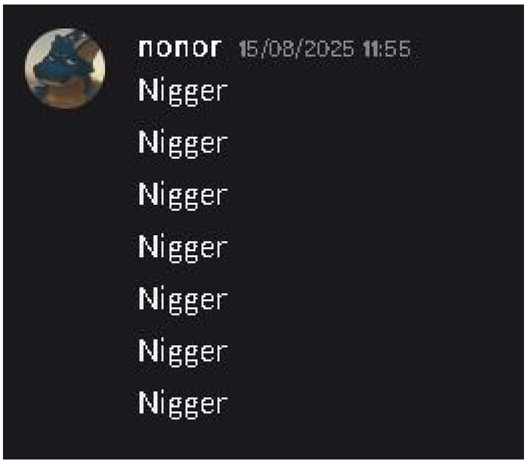
And I'm not into real animals. I'm just into vore and it feels weird to talk about it publicly, I only talk about it to people that are close to me and joking about it. The fish from Lex's screenshot is a joke because that fish video is containing vore, and without context of I always joking about vore, it looks like I'm serious about I'm into fish. Same with the fox screenshot.

F. Your actions are cute, but that doesn't justify you insulting Lex for no reason. You were just slowly tearing her down because of music. You're so stupid you don't even understand the song title. How the hell did you think the music Lex listened to promoted something like that? Even so, it won't justify anything, like nothing. You humiliated a girl. It's funny that you tell people to seek help from trustworthy individuals while at the same time you end up criticizing Lex because of the music, incredible.



Kenjius also said that I am disrespecting people with mental illness and said mental health doesn't matter. But I know what kenjius said about the choice or not, Mental illness is not a choice, i never said its a choice. But if a person really wants to take their own life, I feel like there's a choice to do it “not” or in front of many people knowing that people will be scared or happy about it (im not asking anyone to do it in any way too! getting help from someone who cares about you is what im asking). People with no feelings will use a tragedy as something like a whatsapp sticker to make other people scared or even joking about it, and it's just more disrespectful. But speaking of this, I read this story of my show that helped someone through depression and it makes me so happy because I can help, I even tell people about this. https://www.reddit.com/r/MauMakanApa/s/3pKq5fDRD2

G. It doesn't matter, You are immediately racist for doing this kind of thing. Yes, I understand that there are people who don't know Roblox or anything like that, and especially don't know which words are filtered, but that was to be expected. On the contrary, I saw labirhin post 4 or 2 photos of himself playing Roblox. And by the way, if you're not racist, then explain to me why one of your mods (nonor) has been spamming "nigger" in my private messages? Yes, I know it's in private, but think about it: a moderator who lives on the server to take care of security being caught doing that is surprising.



nonor 15/08/2025 11:55

Nigger

Nigger

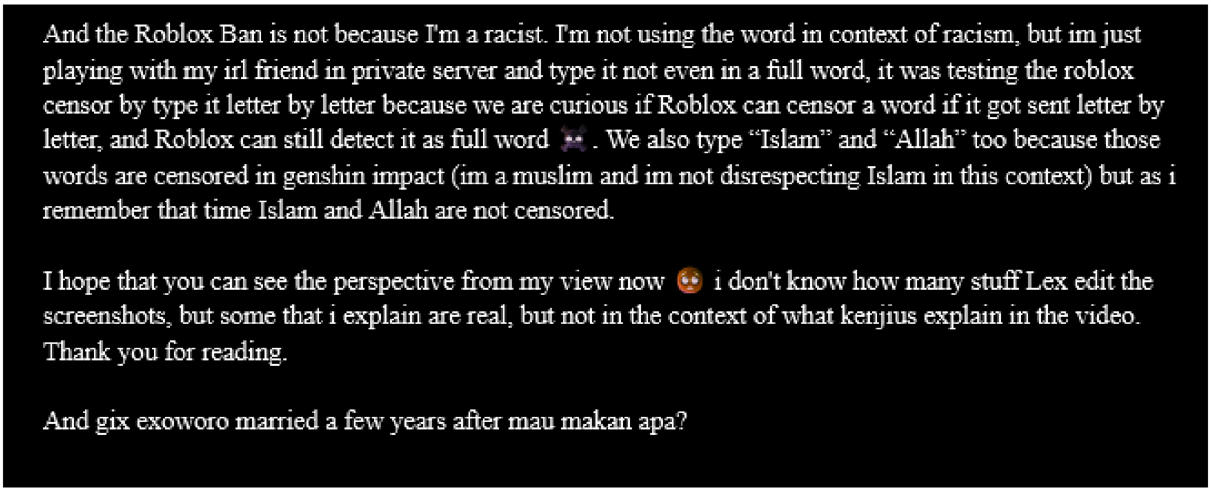
Nigger

Nigger

Nigger

Nigger

Nigger



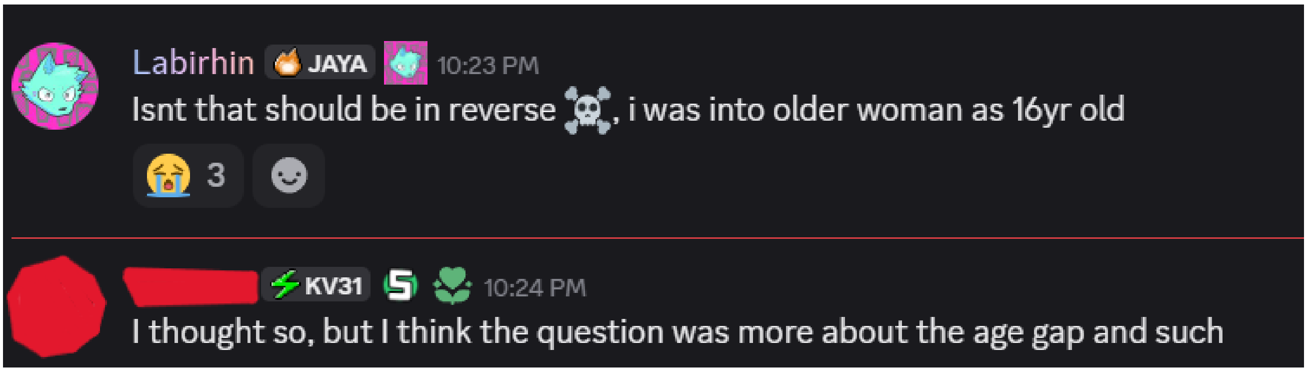
And the Roblox Ban is not because I'm a racist. I'm not using the word in context of racism, but im just playing with my irl friend in private server and type it not even in a full word, it was testing the roblox censor by type it letter by letter because we are curious if Roblox can censor a word if it got sent letter by letter, and Roblox can still detect it as full word ☠️. We also type "Islam" and "Allah" too because those words are censored in genshin impact (im a muslim and im not disrespecting Islam in this context) but as i remember that time Islam and Allah are not censored.

I hope that you can see the perspective from my view now 🥺 i don't know how many stuff Lex edit the screenshots, but some that i explain are real, but not in the context of what kenjius explain in the video. Thank you for reading.

And gix exoworo married a few years after mau makan apa?

EXTRA: Gix is smaller than Exoworo, I don't care what they say about the timeline, it's just pedophilia. Exoworo simply makes a declaration of love to a minor, but his worst excuse is that the time in Mau Makan Apai is 30 hours and that 17 years old means being older, how stupid.

> ("so it appears labi has an excuse for gix being 17
> and its that a day in mma is 30 hours
> meaning by technicality, gix being 17 in mma, means hes older than our years")



Labirhin JAYA 10:23 PM

Labirhin JAYA 5/30/25, 9:14 AM

If you've made it this far, I have to thank you. I carried this pain for years and years, and it was difficult to live like this. I don't intend to be a hero or anything like that; I just want to end this situation, and I hope people understand what I'm trying to convey here.
